

The image features a modern building facade with large, vertical glass windows and a dark, textured stone or metal cladding. A prominent teal diagonal graphic, consisting of several parallel lines, runs from the top left towards the bottom right, partially obscuring the building and the text. The background is a clear blue sky.

CONSTRUCTING EXCELLENCE 2019

About us

- Not-for-profit best practice and knowledge transfer organisation, part of the BRE Trust group of companies
- A platform for industry improvement to deliver better value for clients, industry and users through collaborative working
- A national, regional, local and international movement

The movement

8 regional
centres and 36 best practice
clubs make us the leading
platform for change in the
built environment

We have a global outreach with
8 members
of the Constructing Excellence
International Alliance

Over 100
regional winners go
forward to our annual
national awards

Over 1,500
leaders of the future in 10
regions are the driving
force behind G4C

Each year Constructing
Excellence holds over
approximately 250 events with
more than
17,000
participants
and raised over £26,000 for
charity through the annual
awards programme

We are tracking indus
try performance with
19 years
of KPI data

ordinator

Our mission

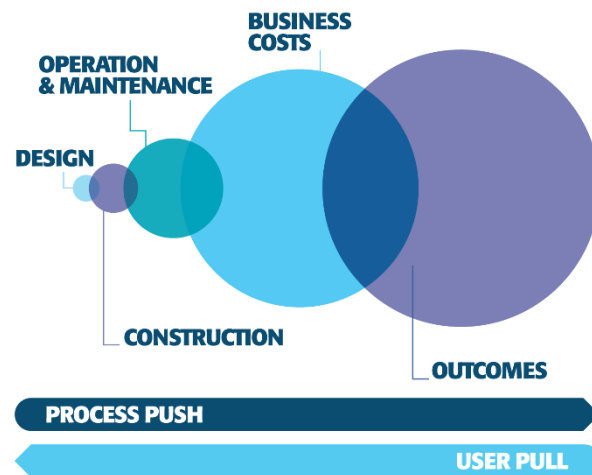

Positively disrupting the industry delivery
processes to transform performance

Our vision

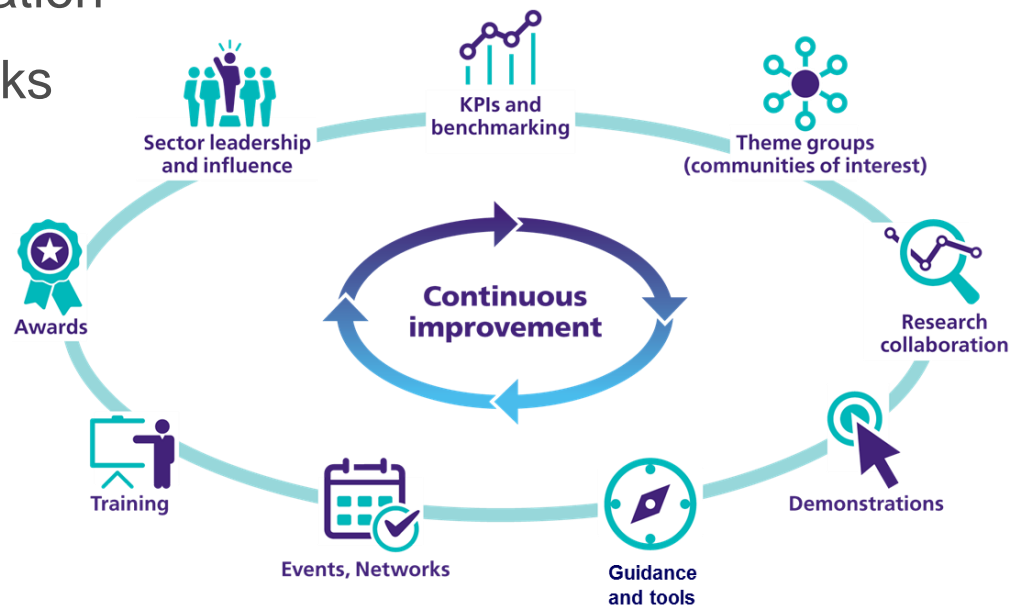

Superior outcomes from new delivery models featuring:

- A **client-led transformation** by procuring for outcomes and value
- Increased **standardisation and pre-manufactured content**
- **Digitally enabled integrated teams** working collaboratively with long-term relationships and aligned commercial arrangements

Strategies

- Performance measurement
- Showcasing and demonstration
- Connecting through networks
- Leadership & Influence
