THE STEPS IN ACHIEVING  
NET ZERO AND HOW YOU  
CAN HELP IN TACKLING THE  
CLIMATE CRISIS**

# UNCOVERING NET ZERO

**G4C members** it is your chance to share and discover how the Net Zero challenge is being tackled across our industry! You will join the **Net Zero Knowledge Sharing** sessions to learn more about Net Zero from industry-leading voices and each other's experiences. Over the course of the next few months, we will hear from different experts in the field. Each session will give us the opportunity to have an open discussion which will set out our improvement objectives for the final outcome.

The aim of this challenge is to feed into the upcoming **G4C Net Zero Conference**, where we will present our findings to the wider sector. Nonetheless, the final outcome will be shared through a video and presentation at a future construction event (TBC).

Don't know whether you should be involved or not? Ask yourself this question

**WHAT DOES NET ZERO MEAN FOR THE NEXT GENERATION OF  
FUTURE LEADERS? MAKE OR BREAK? HOW ARE YOU GOING TO  
MAKE SURE IT HAPPENS?**

**Worried about missing out? We got you - we will be posting updates after  
each Knowledge Sharing session we have.**
