

# Energy Transition Leadership

## Overview

The Energy Transition Leadership program is a workshop series aimed at building a better understanding of Energy Transition projects, as well as the challenges and commercial risks that we can expect to emerge within these. The Program takes an international perspective with a special focus on the UK's net zero initiative.

Delivered across four ½ day workshop sessions we explore the international and UK context of Energy Transition projects, and introduce strategies in how to respond to complexity and uncertainty. We examine the drivers for different contracting choices, how to manage these effectively during project execution, and the collaborative leadership essential to create an enabling environment for successful outcomes.

## About Kingsfield

With over 40+ years of experience in international engineering and construction projects, our team combines its in-depth knowledge of the industry with its expertise as learning specialists to develop engaging and impactful training programs and courses.

We are proud to be an approved provider of the UK's Engineering Construction Industry Training Board and an approved training organisation for the Construction Industry Training Board.

## Key information

### Who is this program for?

This program is suitable for owner/investors, engineering contractors, and major supply chain contractors and vendors. The program is likely to appeal to project managers/directors, engineering managers, Energy Transition VPs, project sponsors, sales/commercial/proposal managers, contract / procurement / project control managers, and any senior project professional interested in adopting a fresh mindset for this challenging period in our history.

### Key features

- 4 x ca. 3½ hour workshops (refer to schedule)
- Pragmatic & thought provoking
- Digital/virtual delivery using Zoom
- Led and facilitated by experienced industry practitioners and Subject Matter Experts
- Interactive format combining knowledge input with active engagement & discussion
- Completion certificate with PDU hours

### Registration & Fees

Program price: £875pp +VAT

Early bird price £790pp +VAT

\*early bird discount closes 31 July
