Constructing Excellence

August Newsletter

Welcome

Welcome to the August edition of the Constructing Excellence newsletter. Summer has flown by and we are ready for a busy September!

We were delighted to announce that two exceptional organisations gained Gold Standard Verification - [SCAPE](#) and [Places for People / Procurement Hub](#). This process is highlighting to me the importance of recognising organisations that are doing things well and are demonstrating a commitment to delivering better outcomes - we hope to see more organisations go through the process shortly.

Speaking of showcasing excellence, I'm blown away by the [Awards shortlist](#) this year - so many great people, projects and organisations - we still have opportunities to sponsor or to book tickets for the event which will be a true celebration of excellence.

A highlight for September will be the [Generation4Change Conference](#) on 26 September, 'Shaping the Future Now' - this promises to be an excellent event and I would encourage you to send your future leaders along to connect with their peers from across Generation4Change.

As ever please [get in touch](#) if you have any ideas or thoughts to help us shape the Constructing Excellence movement.

Best wishes,
Alison Nicholl
Head of Constructing Excellence
