

Constructing Excellence London and the South East Awards 2026

For many years, the **Constructing Excellence London & South East Awards** have proudly shone a spotlight on the innovation, collaboration, and leadership that drive excellence across the built environment. They celebrate the individuals, teams, and organisations making a real difference in our industry.

These prestigious awards will be held on **Thursday 9th July 2026**, at the Hilton London Bankside Hotel and are designed to showcase excellence and reward achievement for projects, organisations or individuals successfully pushing the industry forward. This event is a great opportunity for companies who wish to be seen as proactively supporting and leading innovation within the Built Environment.

Winners are selected across 14 categories including Innovation, Integration, Sustainability and Delivering Value and go on to compete in the National Constructing Excellence Awards against winners in other English regions and Wales. The final is held every year in the autumn in London.

The sponsorship packages available are detailed below with the benefits which you will receive for sponsoring.
